6.8 Does the University/ Autonomous College declares results within 30 days?

For UG Programmes Yes No

For PG Programmes Yes No

Results are declared in about 30 to 45 days from the day of examination.

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

Curriculum and examination pattern are revised periodically. Online and in semester examinations have been introduced by affiliating university.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

We are planning for academic autonomy and the committee visit is scheduled in the month of Sept. 2015.

6.11 Activities and support from the Alumni Association

6.14 Initiatives taken by the institution to make the campus eco-friendly

- . Paperless online Mid Semester Examination conducted every Semester for first and second year of Engineering.
- Printouts and photocopies are taken on both sides of the paper
- Wasted papers / NEWS papers etc. are forwarded for recycling purpose
- Toner cartridge are recycled
- Biometric attendance is used for all employees

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

1. Use of Virtual Labs.
2. Webinars
3. NPTEL Lectures
4. Industrial Visits
5. Moodle at departmental level
6. Online evaluation system for student performance.
7. The tools and techniques for self learning are imbibed among students by conducting add-on- courses.
8. Relevant research papers are used (where ever possible) to teach beyond syllabus, also the same papers are provided to students for reference and study.
9. Use of MOOC

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

1. Plan – Revise the curriculum of UG curriculum.
Action Taken: The Under Graduate Structure & Syllabus of third year Engineering has been revised.
2. Plan – To improve communication and Aptitude skills of students.
Action Taken - HPD (Humanity and Professional development department) started for the communication and professional development of students.
- 3 Plan – To form Department Advisory Boards
Action Taken – Identification of Board Members and acceptance of their consent
4. Plan – To apply for academic autonomy.
Action Taken Report submitted to UGC. The committee visit is scheduled in the last week of Sept. 2015
5. Plan: To update ISO 9001 system to the requirements of NAAC.

Action Taken – ISO 9001 system modified and re-registration audit by AQA is scheduled in the month of Sept. 2015

7.3 Give two Best Practices of the institution (please see the format in the NAAC Self-study Manuals)

1. Professional development Courses by Industry
- 2 Stake Holders' Feedback and its use for improvement
- 3 ISO 9001: 2008 implementation
4. Moodle at departmental level
5. Use of Virtual Labs.
6. Use of bulk SMS for communication.

7.4 Contribution to environmental awareness / protection

- 1.All electrical and electronics equipments are switched off when not in use are used at appropriate places.
- 2 Photographs / videos are digitally stored instead of paper albums or plastic tape
3. Greenery and plantation are made within the campus

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strengths

- Our final year results have been consistently good for all the academic disciplines.
- Best teaching and learning practices
- Funded research projects from the apex funding agencies like UGC, AICTE, DAE, DST, RPS, BRNS etc.
- The institute conducts significant academic events for the development of faculty and students.
- Additional skill areas like soft skills and add-on technical skills are covered for student development
- A well implemented student counseling scheme
- A state-of-the-art Central Library
- 4 undergraduate engineering department accredited twice
- Institute introduced Add-on Courses as per requirement of industry

Weaknesses

- Need to strengthen the Industry Institute Interaction activities
- Focus more on entrepreneurship development
- Lack of patents
- Inadequate number of faculty with vast industrial experience
- Consultancy activities to be enhanced
- Located in rural area

Opportunities

- Situated near the Chakan industrial area which will allow us to collaborate with industry and help strengthen the industrial research and placements of students.
- Scope for research in robotics and other upcoming areas in engineering.
- Honing the skills and abilities of the students for their self-development and thereby the development of the institute.
- Scope for Inter-disciplinary research
- International relations (joint research and PhD programmes) will give international exposure to the students and faculty members.
- Higher Education
- Collaborative research along with students

Threats

- Changing socio-economic scenario leading to unpredictable future.
- Rapidly changing technology and the industrial requirements ask for enhancing the employability of students for which extra measures need to be taken.
- Increasing the number of international tie-ups.
- Fill up the gap between ensuing and advanced knowledge

8. Plans of institution for next year

1. Successful Implementation of Academic Autonomy
2. Improving Placement of your students
3. Supporting Students in career services in your department: this includes both student development and higher education assistance to students.
4. Value added courses in every Dept. and every term.
5. Use of the language department effectively : with major focus on English and business communication.
6. Participating in some National / International well known students Technical event.
7. Organizing STTP/Workshops/FDP/ Seminars/ for faculties and Student Development programs.
8. Improvement in SE/TE/BE results compared to last year
9. Publishing research papers.
10. Submitting research proposal to various funding agencies
