## ANNUAL E-GOVERNANCE REPORT

MIT Academy of Engineering Alandi Pune is trying its best to keep pace with the recent applications of e-governance in terms of various functions being performed digitally through the internet. The necessary infrastructure is adequate as per the need for ICT. A healthy-equipped internet center has been established in the College to monitor and regulate computer systems' smooth functioning and address all IT-related issues so that maximum benefits can be ensured. Students and staff members are aided and supported through an internet center in case of software and portal-related online problems. A separate team headed by the Chief Technology Officer is appointed to help with IT and digital infrastructure-related issues.
