About the Central Library

A library is the “soul of Education” and “Temple of knowledge”. It is undoubtedly the heart of an academic institute. A library plays a very vital role in the curricular development of its stakeholders and also satisfies the reader’s thirst for knowledge. A Library also plays a crucial role in acquiring, organising and disseminating information. MITAOE Central Library system supports the teaching-learning and research program of the institute. Central Library has an excellent collection of textbooks, reference books, general books, journals, magazines, encyclopaedias, handbooks, data sheets, bound volumes, CD-ROMs, Floppies, Video lectures, digital library, online resources and other reading material. All books are classified according to Dewey Decimal Classification Scheme. It has an excellent infrastructure to meet students’ requirements. Central Library uses Slim 21 software for managing all its operations. Readers can access the Library database using WEB OPAC. Central Library follows open access system that allows users direct access to the library collection. Central Library is also the first ISO-certified engineering library, it is also the first engineering library in Pune that implemented barcode technology for circulation.

Vision Statement

To become a world-class learning resource Centre in the area of Engineering Education and Research and to help its parent organization achieve its goal of becoming an ideal Engineering institute of the highest calibre with state-of-the-art research and high-quality education.

Mission Statement

The mission of Central Library is to make its resources available through the collection and dissemination of information to meet the current curricular and general requirements of MITAOE-authorized users and to sustain, respect and preserve universal knowledge of the past, for future generations.

Objectives

- ❖ The objective of MITAOE Central Library is to actively participate in the college's educational mission by collecting and disseminating information to meet the curricular and general requirements of the students, faculty and staff.
- ❖ To expand the information resources available, by establishing mutually beneficial partnerships with educational institutions and other organizations.
- ❖ To respect and preserve the knowledge of the past, for the future.

DIRECTOR
MIT Academy of Engineering
Alandi (D.), Pune-412 105.

Details of ILMS

MIT Academy of Engineering's central library was established in 1999 since the inception of the institute. Currently, it is housed in the D Block and it occupies the entire 2nd floor. The total area of the library is 795 sq. M. The central Library is well-ventilated and has adequate infrastructure to meet the students' requirements. It has a centralized AC reading hall with a capacity of 250 students. The central library is open all days of the year except for 3 national and Holi/Diwali holidays.

- ❖ The central library system is automated using ILMS software namely "SLIM 21".
- ❖ The college purchased library management software in 2001 and since then the library is operating its day-to-day operation using SLIM++.
- ❖ In 2007 the library switched from SLIM++ to SLIM 21 (upgraded software) and after that, every year the library is getting an upgraded version (The software is maintained through AMC).
- ❖ SLIM21 is an integrated, multiuser, multitasking library management software developed using VB as the front end and Posture SQL on Linux as the back end that supports in-house operations of the library.

Name of the Software	SLIM-21
Version	3.9
Nature of automation	Automated
Year of Automation	2001
Last upgradation	June 2022

The institute has purchased the following modules under the software

Acquisition: To create a database of newly arrived books.

Cataloguing: This allows preparing the database of books, journals, project reports and magazines available in the library as per title, author, subject, publisher, type of learning resource and year of acquisition.

Circulation: This module is used to track the status of the book such as issued, returned, borrowed, and renewed by either student or staff.

Serial control: This module allows the library to keep a record of the periodicals and magazines.

Utility: This module allows the creation of item types, borrowers, admin, supplier etc.

Statistics: This module allows to generate the statistics of the library transactions.

Web-OPAC: Online Public Access Catalogue provides access to library resources. This facility is made available through the intranet as well as the internet.

General Search: Users can search the library resources using Title, Author, Publication, Keywords and Classification number. Advanced Search: The searching can be done with various combinations such as Title etc.

Advanced Search: Author, Publication, Keywords, Classification number. Accession Search: Quick search of books can be done by using the accession numbers.

- ❖ Books in the Central Library are barcoded for maintaining records of circulation and other records.
- ❖ Central Library has developed a digital library, which consists, of project reports, e-books, a syllabus, an old question bank, list of various resources.

DIRECTOR
MIT Academy of Engineering
Alandi (D.), Pune-412 105.

- ❖ We have integrated these resources with the web-OPAC (SLIM SOFTWARE) through which users can access digital library resources remotely.
- ❖ The Central Library is having 10 PCs in Digital Library and Multimedia Section, from where MITAOE-authorized users can access e-resources and the library database.
- ❖ The central library has a document scanner, printer, Xerox and CC camera surveillance system for security etc. available.

Library Management Software: SLIM 21

Year	Name of the ILMS	Nature of automation	Version
2022-23	SLIM 21	Fully	3.9.0
2021-22	SLIM 21	Fully	3.9.0

Web-OPAC

To Access web – OPAC and digital Library resources follow following instruction :
Type IP address on internet browser
IP Address: 43.227.20.36:82/w27

Just type a following IP in address bar.
43.227.20.36:82/w27 ID number is your Library membership no.
I.e. . CO1615 and the default password is MEMBER (caps)

Than login through user ID and password or by scanning QR CODE

USER ID : Your library membership number

Password : MEMBER

After the first log-in please change the password as it is mandatory in order to proceed further. However after changing the password it is your responsibility to remember

remember the same.
