* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

Organising Institute: Indian Institute of Technology Kharagpur

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

CAT Registration Number	21237608	PwD Status	No
Gender	Male	Category	General
Date of Birth	26/Apr/2000	Date of Test	28th Nov 2021

Section		Section		Section		Total	
Verbal Ability & Reading Comprehension		Data Interpretation & Logical Reasoning		Quantitative Ability			
Scaled Score	Percentile	Scaled Score	Percentile	Scaled Score	Percentile	Overall Scaled Score	Overall Percentile
21.37	78.04	22.13	92.92	5.20	58.38	48.70	83.10

Instructions:

- Only those candidates who have taken the Common Admission Test (CAT 2021) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2021. You will not receive the score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2021 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Doctoral (Fellow) Programme(s) in Management.
- Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2021 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
- CAT 2021 score is valid only until 31st December 2022 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31st December 2022 to download.
- Webmail support cat2021@iima.ac.in & cathelpdesk@iimcat.co.in will be available till 31st March 2022.

Your official test report will be posted to you 13 days after the test. Please note the preview of your IELTS result cannot be used as official confirmation of your test result.

Overall Band Score

Overall		6.5	Competent User		The test taker has an effective command of the language despite some inaccuracies, inappropriate usage and misunderstandings. They can use and understand fairly complex language, particularly in familiar situations.
Test	Score	Your result explained		Advice to improve your score	
Listening	6.5	Test takers at Band 6.5 can typically follow extended speech and understand detailed instructions. They can generally understand directly-stated facts, attitudes, opinions and purposes. They can also generally pick out main ideas, and relevant and irrelevant information; and can also generally infer implied meanings. They can do this without having to process individual words and structures and can remember enough of what they have heard to understand references such as pronouns. They can understand most vocabulary relating to a range of topics, including some terms typical of academic English.		Continue to develop your vocabulary by reading widely. Listen to as much English as you can so that your understanding becomes more automatic. Listen to longer recordings such as interviews and films, with and without English subtitles, pausing and repeating the recording when necessary. Note the words you didn't understand immediately, so you can review them. Try to understand those times when the speakers don't directly say what they mean. What are the clues you use to understand these in your own language? Use the same strategy to understand them in English.	
		Test takers at Band 6 can typically deal with a range of factual and opinion-based texts that may be relatively complex and dense with information. They are good at using their vocabulary knowledge to create meaning, both within and across sentences, on a range of general topics and some specialised ones. They can understand implied meanings, and have some ability to understand somewhat complex opinions and arguments. They can generally use reading strategies such as skimming and scanning, and can generally synthesize information and draw inferences.		Try to read different types of texts, including general and academic texts, and not just in your subject area. In general interest articles, the main point may come in a different place than you expect. In academic texts there will be fewer opinions, or they may be harder to spot. On the other hand, they can be dense with information. Be aware of the differences, and adjust the reading strategies you use depending on the text you're reading. Decide when to read carefully and when to read quickly. In any case, you may want to give yourself a set amount of time, so that even your careful reading is done more quickly and efficiently.	
Reading	6.0	Test takers at this band can typically speak at length, although they are sometimes less clear or fluent because of repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally well linked, but with some errors. They have enough vocabulary to discuss topics clearly and at length, although there are often errors, and they can usually paraphrase well. They can use simple and complex grammar structures but with limited range. There may be frequent grammar errors, particularly in more complex structures, but language is usually easy to understand. Pronunciation can be clear and		Talk to other English speakers about more abstract topics or more difficult current topics. Keep the discussion going for as long as possible. At the same time, try to express your ideas as accurately as you can, using the best words you know. Many of your ideas will also require the use of complex grammatical structures. If you're using several simple sentences, try to join them up in a way that makes your point clearer. Listen (and read) in English more to help you pick up natural and idiomatic phrases. When listening, note the rhythm and also the words that the speaker	
Speaking	6.5				

		<p>effective, but there may be problems. They are usually easy to understand, although words may be unclear at times.</p> <p>Test takers at this band can typically address all parts of the question, some more fully than others. (AC) They can give an overview. (GT) The letter has a generally clear purpose; the tone is sometimes not consistent. Key features and bullet points are covered. The point of view and main ideas are relevant but the conclusion(s) may be unclear. Some details might be irrelevant or wrong. Test takers can arrange their ideas logically, so that the writing has a clear progression from start to finish. They are able to use some linking words well, but others with mistakes. They can paragraph their Task 2 writing, although not always logically. They have enough vocabulary to answer the question. They try to use some less common words. They make some spelling mistakes, but the reader can still understand. They can write a mix of simple and complex sentences. The grammar and punctuation mistakes do not usually cause difficulty for the reader.</p>	<p>stresses. Is your rhythm similar? Are you putting the stress on the right words?</p> <p>Practice writing to give information and make arguments. Make sure you cover all the points that need to be covered, providing supporting ideas and details. Reread your work and see if you can make your points clearer. Is the ordering of your ideas logical? Sometimes, rearranging them can make things clearer. You can also try joining up or separating sentences, using the right connecting devices, and changing where you divide your paragraphs. Continue to develop your vocabulary. Words can be similar in meaning but differ in formality, in their tone, and in their implications. Focus on learning the best words to use for the writing task, the situation, and what you want to say. Challenge yourself by producing sentences that are more complex. If you make mistakes with them, don't worry too much; just check and see how you can fix them.</p>
Writing	6.5

About Your GRE® Score Report**Score Reporting Policies**

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

* Normalized marks for Civil Engineering (CE), Computer Science and Information Technology (CS) and Mechanical Engineering (ME) Papers.

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

Prof. Deepankar Choudhury
19th March 2021

Prof. Deepankar Choudhury
Organising Chairperson, GATE 2021
(on behalf of NCB - GATE, for MoE)

23f3f618046ea04c52679f3fa5b4d6c0

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Valid up to 31st March 2024

* Normalized marks for Civil Engineering (CE), Computer Science and Information Technology (CS) and Mechanical Engineering (ME) Papers.

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

Deepankar
19th March 2021

Prof. Deepankar Choudhury
Organising Chairperson, GATE 2021
(on behalf of NCB - GATE, for MoE)

2d7f2bcb0f43257da8608863e106ff67

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

- A – Engineering Mathematics (compulsory)
- B – Fluid Mechanics
- C – Materials Science
- D – Solid Mechanics
- E – Thermodynamics
- F – Polymer Science and Engineering
- G – Food Technology
- H – Atmospheric and Oceanic Sciences

XL: Life Sciences

- P – Chemistry (compulsory)
- Q – Biochemistry
- R – Botany
- S – Microbiology
- T – Zoology
- U – Food Technology

Graduate Aptitude Test in Engineering (GATE) 2021 was organized by Indian Institute of Technology Bombay on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect®* option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

Aditya S. Veer**Most Recent Test Date: August 22, 2021****Date of Birth:** September 30, 1999

Registration Number: 9540153

Print Date: January 5, 2022

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Adnan Ali**Most Recent Test Date: September 20, 2021****Date of Birth:** December 28, 1997

Registration Number: 9618879

Print Date: November 16, 2021

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

CAT Registration Number	9127227	PWD Status	No
Gender	Male	Category	General
Date of Birth	08/Sep/1998	Date and Time of Test	24th Nov 2019 (2:30 PM - 5:30 PM)

Section		Section		Section		Total	
Verbal Ability & Reading Comprehension		Data Interpretation & Logical Reasoning		Quantitative Ability			
Scaled Score	Percentile	Scaled Score	Percentile	Scaled Score	Percentile	Overall Scaled Score	Overall Percentile
22.42	67.64	20.64	73.49	28.98	86.11	72.04	78.72

Instructions:

- Only those candidates who have taken the Common Admission Test (CAT 2019) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2019. You will not receive the score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2019 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Fellow Programme(s) in Management.
- Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2019 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
- CAT 2019 score is valid only until 31st December 2020 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31st December 2020 to download.
- Webmail support cat2019@iimk.ac.in & cathelpdesk@iimcat.ac.in will be available till 31st March 2020.

Instructions to the Candidate

- A printed copy of this Admit Card must be presented for the verification along with at least one original (not photocopy or scanned copy) valid photo identification proof (For example: Passport, PAN Card, Voter ID, Aadhaar-UID, College ID, Employee ID, Driving License).
- The Admit Card is considered to be valid only if the photograph and signature are clear. To ensure this, print the admit card on an A4 sized paper using a laser printer, preferably a colour photo printer.
- Candidates will be permitted to appear for the examination ONLY after verification of their credentials by the centre officials.
- Candidates are advised to locate the examination centre at least a day before the examination, so as to ensure that they can reach the centre on time.
- To facilitate the verification of their identity, candidates must report at the examination venue at least 60 minutes before the scheduled commencement of the examination.
- Candidates will be permitted to occupy their seats 45 minutes before the scheduled start of the examination. Candidates can login and start reading the instructions 20 minutes before start of the examination.
- CANDIDATE WILL NOT BE ALLOWED TO ENTER THE EXAMINATION HALL AFTER 15:00 HOURS (03:00 PM) FOR THE AFTERNOON SESSION.**
- Candidate will NOT be permitted to leave the examination hall before the end of the examination.
- During the examination, a virtual scientific calculator will be available on the computer screen, which can be used for the numerical calculations.
- Candidates should NOT bring any charts/tables/papers into the examination hall. Scribble pad will be provided for the rough work. Before using it, candidate must write his/her name and the registration number. At the end of the examination, this scribble pad must be returned to the invigilator.
- Personal calculators, any kinds of watches, mobile phones or any other electronic/communication devices are **STRICTLY PROHIBITED** inside the examination hall. Note that the GATE authorities are not responsible for the safe keep of candidate's personal belongings.
- During the examination, candidates may be checked for possession of any of the prohibited items. If the candidate is found to possess any of these items, he/she will be liable to be debarred from the examination and/or subjected to disciplinary action, which may include ban from appearing in future examinations.

* Normalized marks for Civil Engineering and Mechanical Engineering Papers

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

da3a80aaf6ae3411c130541f3c1e96f2

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect®* option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Prashant B Khedkar**Most Recent Test Date: November 1, 2019****Date of Birth:** February 3, 1998

Registration Number: 6301318

Print Date: November 10, 2019

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Prof. B. R. Chahar

Prof. B. R. Chahar
Organizing Chairman, GATE 2020
(on behalf of NCB – GATE, for MHRD)

* Normalized marks for Civil Engineering and Mechanical Engineering Papers

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

27dc3cab065d6d9df345e6ba4cd20766

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

DATE OF EXAMINATION: 14/03/20 Saturday
 REPORTING TIME *: 09:15 AM

Madam / Sir,

PLEASE AFFIX YOUR
 RECENT PASSPORT
 SIZE COLOUR
 PHOTOGRAPH & SIGN
 ACROSS

With reference to your Application for the above CET, you are hereby admitted provisionally to the online examination on the date and time at the venue mentioned above. **Please bring this Hall Ticket with currently valid Photo identity proof in original - THIS IS ESSENTIAL. Currently valid photo identity proof may be PAN Card/Passport/Permanent Driving License/Voter's Card/Bank Passbook with photograph/Photo Identity proof issued by a Gazetted Officer on official letterhead /Photo Identity proof issued by a People's Representative on official letterhead/Recent Identity Card issued by a recognised College/University/Aadhaar Card/ E-Aadhaar Card with a photograph/Employee ID/Bar Council Identity card with photograph. Please Note - Ration Card and Learner's Driving License will NOT be accepted as valid ID proof for this CET.** Candidate must report at the examination venue 30 minutes before the time as printed on this Hall Ticket. Candidates reporting later than the time mentioned above will not be allowed to appear for the online examination. The candidates will not be allowed to leave the examination hall without the permission of the test administrator.

IMPORTANT:

1. The candidate's online uploaded photograph on the Hall Ticket should exactly match with the Photo Identity proof submitted by the candidate and the photograph uploaded at the time of application failing which the candidate may not be allowed to appear for the Examination.
 2. Candidates coming without stipulated currently valid photo ID card in original will not be allowed to take the test. Photo ID should be valid as on the day of Examination.
 3. The Candidate's signature on the attendance sheet should tally with the signature uploaded on the Application Form. In case of discrepancy, candidate will not be allowed to appear for the Examination.
- * Late comers will not be allowed to take the Test.

Sd/-
 Commissioner & Competent Authority,
 State CET Cell, Mumbai

INSTRUCTIONS

1. The examination will be conducted online. You will be required to enter Login ID and Password, as given above, to enter the On-Line exam site. Please ensure that your Name and other details which will subsequently appear on the screen are correct. You must maintain secrecy of the username & password.
2. **You are required to bring this Hall Ticket with currently valid photo identity proof in original. Please note that your name as appearing on the Hall Ticket (provided by you during the process of registration) should reasonably match with the name as appearing on the photo identity proof. Female candidates who have changed first/last/middle name post marriage must take special note of this. If there is any mismatch between the name indicated in the Hall Ticket and Photo Identity Proof, you will not be allowed to appear for the exam. In case of candidates who have changed their name will be allowed only if they produce Gazette notification/their marriage certificate/affidavit.**
3. Candidates opted for Scribe shall bring the duly filled prescribed pro-forma & disability certificate. Candidates opted for extra time (including Learning Disability) shall produce disability certificate issued by the appropriate authority in original for verification to the invigilator.
4. Brochure giving information/instructions about the nature of examination is available on the website of State CET CELL. Please download the Brochure and study it carefully.
5. You must bring a ball point pen with you. You will have to sign the attendance sheet and provide left thumb impression on the same in the presence of invigilator.
6. The mere fact that the Hall Ticket has been issued to you does not imply that your candidature has been finally cleared by State CET Cell or that the entries made by you in your application for examination have been accepted by State CET Cell as true and correct. It may be noted that State CET Cell will take up verification of eligible candidates, i.e., educational qualifications and category with reference to original documents, only at the time of document verification of candidates who qualify on the basis of result of the online examination. You may therefore please note that if at any stage you do not satisfy the eligibility criteria as given in the notification or the information furnished by you in the application is incorrect, your candidature is liable to be cancelled forth-with with such further actions as State CET Cell may like to take.
7. **Your responses (answers) will be analysed with other candidates to detect patterns of similarity of right and wrong answers. If in the analytical procedure adopted in this regard, it is inferred/concluded that the responses have been shared and scores obtained are not genuine/valid, your candidature may be cancelled and/or the result withheld.**
8. **You must report at the examination venue 30 minutes before the time as printed on this Hall Ticket. Candidates arriving late will not be permitted to appear for the on-line examination.**
9. Use of books, notebooks, calculators, watch calculators, pagers, mobile phones etc. is not permitted in this examination. Candidates are advised not to bring any of the banned items including mobile phones/pagers to the venue of examination as safety arrangement cannot be assured. Any candidate found resorting to any unfair means or malpractice or any misconduct while appearing for the examination including giving/receiving help to/from any candidate during the examination will be disqualified. The candidate should be vigilant to ensure that no other candidate is able to copy from his/her answers.
10. Any request for change of date/session/Centre/venue will not be entertained.
11. The possibility of occurrence of some problem in the administration of the examination cannot be ruled out completely which may impact test delivery and/or result from being generated. In that event, every effort will be made to rectify such problem, which may include movement of candidates, delay in test. Conduct of a re-exam is at the absolute discretion of test conducting body. Candidates will not have any claim for a re-test. Candidates not willing to move or not willing to participate in the delayed process of test delivery shall be summarily rejected from the process.
12. The scores across various sessions will be equated to adjust for slight differences in difficulty level of different test batteries used across sessions. More than one session are required if the nodes capacity is less or some technical disruption takes place at any Centre or for any candidate.
13. Instances for providing incorrect information and/or process violation by a candidate detected at any stage of the admission process will lead to disqualification of the candidate from the admission process and he/she will not be allowed to appear in admission process of the State CET Cell in the future. If such instances go undetected during the current process but are detected subsequently, such disqualification will take place with retrospective effect.
14. Anyone found to be disclosing, publishing reproducing, transmitting, storing or facilitating transmission and storage of test contents in any form or any information therein in whole or part thereof or by any means verbal or written, electronic or mechanical or taking away the papers supplied in the examination hall or found to be in unauthorised possession of test content is likely to be prosecuted.

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB – GATE, for MHRD)

* Normalized marks for Civil Engineering and Mechanical Engineering Papers

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

ec9699bc708a3a2b85f07de0b498cd98

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

Instructions to the Candidate

- Print this Admit Card** on an A4 size paper using a laser printer. Admit Card is valid only if the candidate's photograph and signature images are legibly printed. Please affix the same photograph as uploaded while registering for CAT at the indicated place (beside the printed photograph). The candidate must produce the Admit Card for verification at the time of the test. This Admit Card is valid only for the test date and session time as specified in the 'Test Day Details' section.
- Candidates should also produce at least one original (not photocopied or scanned) and valid (not expired) **photo identification (ID) card** (such as College ID, Employer ID, Driving License, Passport, PAN Card, Voter ID, Aadhar Card, Identification Affidavit) along with the Admit Card. The candidate's photograph and signature should be legibly printed and visible on the photo ID card and should match the name on Admit Card. The photo ID card should not be damaged or smudged.
- Candidates should **report at 7:30 a.m. for the forenoon session and at 1:00 p.m. for the afternoon session**. No candidate will be allowed inside the Test Centre after 8:45 a.m. for the forenoon session and post 2:15 p.m. for the afternoon session.
- Candidates are advised to locate their Test Centre and its accessibility at least a day before the test so that they can reach the Test Centre on time on the day of the test. The google map link embedded on the electronic version of the Admit card may be of particular help to locate the Test Centre.
- Only Admit Card & Photo ID Card** will be allowed inside the Test Hall. **Nothing else will be permitted.**
- Writing pad and pen will be provided to the candidates for rough work, which will have to be returned after the test. Candidates should clearly write their name and registration number on the writing pad.
- Mobile phones, electronic gadgets, watches, calculators, stationery items, papers, wallets, goggles, jackets, etc. will **NOT BE ALLOWED** inside the Test Hall.
- Candidates **must NOT** wear any jewelry or other items containing metal. Candidates will be asked to remove their jackets and footwear before entering the Test Hall.
- There is no facility for safekeeping of candidates' personal belongings outside the Test Hall and the Test Conducting Authority is not responsible for its damage or loss, if any.
- Candidates attempting to appear for CAT 2019 more than once will be disqualified from CAT 2019.
- Friends and relatives accompanying the candidates will not be allowed inside the Test Centre.
- Candidates need to make their own travel and stay arrangements for attending the test.
- The Admit Card is provisional, subject to the condition that the candidate has fulfilled the eligibility conditions like academic qualification, category, PwD status etc., as mentioned in his/her Application, which is subject to verification in the consecutive stages of the selection process.
- Request for change of Test Centre will **NOT** be entertained.
- The Reference Number is provided only for the limited purpose of identifying the floor/wing/lab at the Test Venue on the day of the test. For any correspondence with CAT Centre, candidate must provide his/her CAT Registration Number.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

 M is marks (out of 100) obtained by the candidate in the paper M_q is the qualifying marks for general category candidate in the paper \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

 M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session \bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions \bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

- A – Engineering Mathematics (compulsory)
- B – Fluid Mechanics
- C – Materials Science
- D – Solid Mechanics
- E – Thermodynamics
- F – Polymer Science and Engineering
- G – Food Technology
- H – Atmospheric and Oceanic Sciences

XL: Life Sciences

- P – Chemistry (compulsory)
- Q – Biochemistry
- R – Botany
- S – Microbiology
- T – Zoology
- U – Food Technology

Graduate Aptitude Test in Engineering (GATE) 2019 was organized by Indian Institute of Technology Madras on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

CAT Registration Number	9040358	PWD Status	No
Gender	Male	Category	General
Date of Birth	07/Mar/1999	Date and Time of Test	24th Nov 2019 (9:00 AM - 12:00 PM)

Section		Section		Section		Total	
Verbal Ability & Reading Comprehension		Data Interpretation & Logical Reasoning		Quantitative Ability			
Scaled Score	Percentile	Scaled Score	Percentile	Scaled Score	Percentile	Overall Scaled Score	Overall Percentile
10.69	40.72	32.51	90.44	20.73	75.85	63.94	73.92

Instructions:

- Only those candidates who have taken the Common Admission Test (CAT 2019) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2019. You will not receive the score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2019 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Fellow Programme(s) in Management.
- Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2019 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
- CAT 2019 score is valid only until 31st December 2020 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31st December 2020 to download.
- Webmail support cat2019@iimk.ac.in & cathelpdesk@iimcat.ac.in will be available till 31st March 2020.

Offer Letter

Dear Student,

We are delighted to inform you that following an assessment of your DCU application you have been offered a place on our **MSc in Computing (DC836), Full-Time** programme for the academic year 2019/2020.

Dublin City University is regarded as one of the world's leading young universities and is ranked in the top 1.5% of universities globally. Since admitting our first students in 1980, DCU has made incredible progress and today is a multi-campus University with three academic campuses (DCU Glasnevin Campus; DCU St Patrick's Campus; DCU All Hallows Campus) with over 50,000 DCU graduates who are now playing key roles in many sectors across the world.

Acceptance procedures and other relevant information is outlined on the following page and a summary of your offer is as follows:

Course name:	MSc in Computing
Course Commencement date:	23rd September 2019
Offer Status:	Conditional
Acceptance deadline:	22 nd January 2019
Course duration:	1 year
2019/2020 Tuition Fee:	€17,000
Condition of Offer:	<i>Conditional Offer on completion of Bachelor Degree with minimum First Class GPA and satisfying English Language requirements for DCU (e.g. Academic IELTS with Overall Score of 6.5 and minimum of 6.0 in all components)</i>

All offers are subject to the verification of the qualifications and/or work experience, which you have specified in your application, or which you have indicated will be obtained prior to registration. In addition, this offer is subject to sufficient intake onto the programme to make it viable to deliver in 2019/2020.

If you have any queries relating to this offer please do not hesitate to contact us here in the DCU International Office by email at international.office@dcu.ie or by phone at +353-1-7007411.

We would like to take this opportunity to congratulate you and we look forward to welcoming you at DCU.

Your Sincerely,

A handwritten signature in blue ink, appearing to read 'Paul Smith', is written over a horizontal line.

Paul Smith,

Prepare for Arrival at DCU

Dear Applicant,

Now that you have received an offer from DCU, here are some important things to consider in order to prepare for studying at DCU and your arrival in Dublin.

Acceptance of Offer

Postgraduate applicants **must** accept offer through the Postgraduate Application Centre (PAC) website, www.pac.ie, and pay €500 in order to secure place. Failure to do so will result in difficulties when you attempt to register as a student at DCU. This deposit is deducted from your total fees. Undergraduate applicants should email international.office@dcu.ie to accept offer. Undergraduate applicants are not required to pay an acceptance deposit.

Conditional Offer

If you have a Conditional Offer this is subject to your fulfilling any condition(s) indicated in your offer letter. Students in receipt of a Conditional Offer are required to provide the requested documentary evidence by 1st July 2019. Applicants who do not meet the required academic or [English language entry requirements](#) will not be allowed to register.

Pre-arrival Booklet

Please read all sections of the [Pre-arrival Booklet](#). This will provide you with relevant information you need before coming to study at DCU.

Payment of Tuition Fees

All applicants should arrange to pay the full balance of Tuition fees prior to Visa Application, if necessary. There are a number of payment options available to you. Please consult our [Fee Payment](#) page for more information.

DCU Merit Scholarship

All International Undergraduate and Postgraduate applicants will be automatically considered for this scholarship, based on academic merit, entitling you to a €2,000 reduction in fees. You will be notified if successful.

Visa Application

For applicants who need a visa to enter Ireland, please make sure you make your visa application within the appropriate time-frame, keeping in mind that the visa application process can take 6-8 weeks to complete. DCU International Office will provide you a Visa Support letter and official full payment receipt in order to support your Visa application. Please contact us at international.office@dcu.ie when you have made full payment to request your visa supporting documents.

After you have made a VISA application, please email international.office@dcu.ie with your VISA Application Number (this information is required by Ireland's Immigration Authorities).

INIS Registration

All Non-EU students will be required to register with INIS (Irish Naturalisation and Immigration Service) for a Residence Permit after they have fully registered at DCU. Appointments can be made 10 weeks in advance, so you may wish to consider making an appointment online before you arrive in Ireland. Please see [INIS website](#) for more information.

Accommodation in Dublin

When looking for affordable accommodation in Dublin, we advise our new students to prepare well in advance. DCU Campus Accommodation is managed by DCU Campus Residences Ltd and applications for rooms must be made online at www.dcuaccommodation.ie. This website also has suggestions for off-campus accommodation. ***Please note that payment of at least €6000 within 6 weeks of receipt of acceptance of offer will guarantee a place in university campus accommodation, if required.**

Orientation and Airport Collection Service

It is very important for all students to be present in person during Orientation as there may be academic events related to your programme of study that you will need to attend. Orientation period will take place during the week prior to the first week of term. Keep an eye on our [Orientation page](#) for updates.

The DCU International Office offers an airport collection service every year for all incoming International students. Please keep an eye on our [Orientation page](#) for updates.

Academic Calendar:

Please keep an eye on the [DCU Academic Calendar](#) page for updates on key dates, including date for online registration. Please do not register online until you have secured your visa.

Good luck with all your preparations and if you need any advice or information please email us here in the DCU International Office (international.office@dcu.ie).

Best Wishes,
The International Office Team

(on behalf of NCB - GATE, for MHRD)

Digital Fingerprint: 4248298802f8fabf90ef18d8b518cdf1

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

- A - Engineering Mathematics (compulsory)
- B - Fluid Mechanics
- C - Materials Science
- D - Solid Mechanics
- E - Thermodynamics
- F - Polymer Science and Engineering
- G - Food Technology
- H - Atmospheric and Oceanic Sciences

XL: Life Sciences

- P - Chemistry (compulsory)
- Q - Biochemistry
- R - Botany
- S - Microbiology
- T - Zoology
- U - Food Technology

Graduate Aptitude Test in Engineering (GATE) 2019 was organized by Indian Institute of Technology Madras on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.
