### About Arcatron Mobility:

#### **Making Assisted Living Innovative. Safer. Dignified**

Our mission is to advance global standards of assisted living and make it dignified and safer. Arcatron is building the next generation of devices to enhance lives of people with limited mobility and elderly care needs. Our motto "Purpose Driven Innovation" steers us to apply engineering and technology to make products aimed at solving unmet needs for focus segments. Products that will live up to our name "Arcatron", which alludes to 'accelerating wheels' and is a not-so-subtle nod to the Ark of Moses, which possessed unlimited power!

Visit our Website to know about our Products: <https://arcatron.com/> & <https://myfrido.com/>

### About Arcatron Mobility Internship Program:

Hiring Potential candidates is a very challenging task for any organization. To fill this gap, we offered different internship programs for Engineering students in R&D, Manufacturing, Quality Control, Purchase, Supply Chain, Logistics, Operations, Web Designing, and UX Designing. Also, for other streams, we offered an Internship in Sales, Marketing, Product Designing & HRM.

We offered a Maximum 6 Months Internship Program for all the fresher candidates. During this period, they gain valuable work experience which cannot be obtained in a classroom setting. They can explore a career path in different fields. Internship experience makes college grads more marketable as they usually require less training and can handle more responsibilities. The candidate can develop & refine his/her skills under supervisors and others who are established in the field. They developed networks with professionals in the field. They gain knowledge & confidence to face a fast-moving working world.

After 6 Months of learning, Arcatron offers a good start career opportunity for favorable candidates. And as our CEO Mr. Ganesh Sonawane always said, 'Build leaders within the Team, no outsider makes huge changes in the organization.' This means an Intern can be the next Manager of his Team, like to share a perfect example of Mr. Nimesh Kumar, an MIT AOE Graduate joins Arcatron as a Design Intern in the year 2016, and in the year 2018 he achieved the post of R&D Manager and this makes him Core Member of Arcatron Family.

### Other Internship Benefits:

Arcatron always supports its Employees & Interns for their next move. We offered a certificate of Experience to the candidates. Also, support giving a Letter of recommendation for higher studies.

## **Alumni advice for three year strategic plan**

### **1. Swapnil Katre**

He appreciated initiative taken by MITAOE ALUMNI Association

He discussed various new global challenge like digital security, Global warming and suggested to include corresponding subject or awareness program in curriculum.

He explained the importance of Data Security.

Automotive field is now emerging in regards with Electric cars.

There are many areas of research in Electric cars and automotive industry like safety, electric power, so students can be involved through projects in this domain

### **2. Shivratan Mishra**

He shared his career growth and how MITAOE helped him during his graduation period

Further he added Core embedded development is most upcoming and growing field

Fresher students has huge potential to really think on rational concepts and basic concepts of engineering so motivate them to focus on this areas.

He also given assurance that he will try for 6 month student internship program for our current students.

### **3. Pranay Upadhye**

He given suggestion that in order to make student more engineering approach based their foundation and fundamental must clear

Further he added try to avoid project based on Arduino board, raspberry pi.

He committed to provide few projects and internship along with job for few students in his own start up.

### **4. Edwin Rajeev**

He suggested to have interdisciplinary approach curriculum

### **5. Noor Khan:-**

Explained gap between Academics and Industry requirement

Also he suggested to update the academic courses.

### **6. Vrushabh Naik**

He suggested to develop research culture and add some research based courses in the curriculum.

Alumni connectivity on portal is okay but more important is to enhance alumni engagement with institute via various activities.

7. Sankalp Sanghavi

He focused on how social media can help for career growth

Also suggested to train the students to have LinkedIn profile from first year itself.

8. Amritha Sharma:-

She commented on how college level club activity helps in professional growth & career development

She suggested to involve alumni as a mentor for each club.

Make the provision of LinkedIn id on portal for each alumni in there profile

9. Harshit Agarwal

He presented detailed presentation around 25 minutes on how we can improve the bonding between the alumni and institute.

Also suggested to have consistent alumni meet, alumni feedback.

Connect alumni through social medial, virtual marathon, yoga for alumni and sports activities etc.

**10. Bhushan shivarkar**

He commented on how education system should adopt and upgrade as per new market requirement.

Also commented on scope of computer based courses in his area so such new and upgraded courses should be added in the syllabus

11. Priya Dingorkar

She suggested to prepare the students for presentation and communication skill.

12. Abhay Billapate:

He suggested to train the students to prepare for higher studies.

Choice based curriculum should be practiced

Dean C.R. explained regarding internship Program. Minor courses and minor degree introduced in autonomy pattern

Also suggested that current students can join alumni Portal. So students more benefited with Alumni.

Vaishali madam suggested that students with PRN number can contact with alumni to avoid bulky database.

Dear Amritha,  
Greetings for the day

Hope you all are doing well

One of our students who currently studying in the First year needs financial help for paying her college fees. She is from a poor family. Her parents are doing body massages. If voluntarily you wish to help your junior for pursuing her studies and making her career dreams come true. Please reply back to the mail so that I can share her name and account details.

Even a small help will make her life go ahead with a bright future. She has assured us to work very hard in her academics and get good academic results. Also, she will be always grateful to her seniors for the support.

Dear Pramod:

Greetings!

Please find attached the snapshot of transferring of funds (Rs. 20K) into Ms. Priyanka's Bank account as advised by you. Please request her to check her Bank Account. The fund was sent from my wife's account some time ago.

I hope the fund helps in her pursuit for an uninterrupted education. I am equally thankful to you and my College to give me an opportunity to do something that gives eternal happiness and satisfaction.

In case of any query or discrepancy, please feel free to contact me separately. Do keep me updated about the total funds raised by April 5th.

Many thanks!

Dear Pratibha,

As per our discussion alumni supported financially and paid maximum fees during your graduation year (2016-17, 2017-18, 2018-19)

The total fees received by you during your academic year is given below:

Sr. No.	Academic Year	class	Admission fees in Rs
1	2016-17	SE	56,817/-
2	2017-18	TE	1,36,876/-
3	2018-19	BE	70,000/-

As per commitment given by you at that time, when you get a job you will refund money to the department so the said fund can be used for the current needy students.

The detailed mail report is attached here for your reference

(Respected sir, Kindly check the content for the appeal for financial help)

Hello dear alumni,

As the Chemical Engineering Department at MITAoE is well known for its helpful deeds for the students. Many of our alumni are now placed in renowned industries but once upon a time some of them were in deep trouble because of their financial crisis. We helped them with whatever means which we could.

The reason for elaborating all this is that in the Academic Year 2016-17, we have a student in second year, Pratibha Salunke who is not able to pay her college fees because of her poor family background. She has completed her diploma in Chemical Engineering from Government Polytechnic, Jalna with 73.27% (aggregate) in the year 2015-16.

She is basically from Ghargaon, Tal-Kalamb, Dist-Usmanabad. Her father is a farmer; an owner of 179 Are (1.79 Hecter) dryland (Ulpbhudharak Certificate attached) with an annual income of Rs. 52,000 only (Income certificate attached). Because of her poor financial conditions her parents are unable to support her education.

She is an ambitious girl who'd wish to help her family and her younger brothers in the future. But for the same she needs to pay her academic fees first.

According to the official fee structure her (Open Category) total fees is Rs.1,36,817, she managed to pay 70,000 only through loan and her **pending fees is Rs. 66,817 only**. As per the guidelines from Dr.N. M. Rane, Head of Chemical Engineering Department we request you all to kindly help her financially to pursue her education.

Kindly do the needful as early as possible.

Thank You!

Dear Vijay,

Thank you for your generous reply to help the needy student!

We really appreciate your help.

Till now we received two positive responses to help the student, one of them is from your side and another is from Mr. Chaitanya Karale. As it is about admission of the student, we have decided to send the account details to the donors.

As suggested by Mr. Chaitanya that we should send the account details to the donors, if we receive extra amount, we can use for next year.

So, we request you to transfer full fee amount of Rs. 1,36,876 only.

Following are the account details of Pratibha Salunke.

Name: Pratibha Shrimant Salunke

Bank Name: Bank of India

Account no.: 064710510002046

Hello,

I have transferred the amount Rs.1,36,876. It is a good idea that the extra amount can be utilized for her next year or for any other expenses.

Respected ma'am,  
Please go through the content and kindly suggest corrections.

Dear alumni,  
Hope you all are doing well in your respective working places, we are proud of you all and happy to know that you all are doing well.

And thank you for your generous reply to help the needy student Ms. Pratibha Salunke last year. She has successfully completed her third year. And now she is ready to enter fourth year.

Unfortunately this year also; she is facing the same issues. Because of her poor family background, she is unable to pay the fees. She is basically from Ghargaon, Tal-Kalamb, Dist. Osmanabad. Her father is a farmer; an owner of 1.79 Hecter dryland (Alpbhudharak Certificate attached) with an annual income less than Rs. 60,000 only. Her entire family depends only on this source of income which is very limited to fulfill the basic needs

According to the official fee structure, her (Open Category) total fees is Rs.1,36,787 only. She has managed to pay 70,071 only **thus she needs to pay 66,716 rupees only** on or before 15<sup>th</sup> August 2018. On behalf of the department we humbly request you all to help her as per your wish.

Kindly do the needful as early as possible.

Thank You!

As a core Mechanical organization, we are very much clear about the importance of SAE BAJA, SAE SUPRA, Go-Karting, Robocon & Aero competitions in Engineering Student Life. Arcatron Mobility's founders also came from this Tech Competitions background. And always give first preference to the participating students in Arcatron Mobility's Internship Program.

Under the supervision of our Employee Mr. Akash Dubal, we allow Team Niyudrath Racing & Team Niyudrath Karting to use our Manufacturing facility to Manufacture their Vehicle. And connect with local Suppliers for outsourced Manufacturing operations. Also, he presents with the Teams to evaluate their Design, Manufacturing process & progress in the competition.
