(An Autonomous Institute Affiliated to Savitribai Phule Pune University)

Date : 30 August 2023

SYBTECH– EVALUATION AND PROMOTION SCHEME

AY 2023-24

1. The evaluation Scheme for SY BTECH for the Academic Year 2023-24 is:

Internal Assessment (IA) marks	Mid Semester Exam (MSE) marks	End Semester Exam (ESE) marks
30	20 (2 units of the curriculum)	50 (80/100 marks ESE paper scaled down to 50) based on entire curriculum

2. The evaluation scheme will be (30+20):50 (IA+MSE): ESE – as detailed in the above table. The mid semester exam will be based on minimum 2 units of the curriculum. The end semester exam will be based on the entire curriculum - with greater weightage to the remaining units in the syllabus after the conduct of MSE.
3. The mid semester will be a 20 marks examination, whereas the end semester examination will be an 80/100 marks examination, subsequently scaled down to 50 marks.
4. Separate passing criteria will be followed for all regular courses i.e. In order to pass the theory head, students will have to score
 - 40 % in the (IA + MSE) - ie 20 out of 50
 - 40 % marks in the ESE component independently (in this case 32 out of 80 or after scaling down 20 out of 50).
5. Practical courses also will have separate passing for the two components namely- continuous assessment and end examination. The weightage of the two will be 25:25 marks for a 1 credit practical course and 35 : 40 marks for a two credit lab course.
6. The criteria for Detention will be
 - i) less than 75% attendance for each course
 - ii) less than 40 % marks in Internal assessment of any course ie less than 12 out of 30 marks.

Promotion Criteria

in order to be promoted to the higher class (year) each student will have to earn 50 % credits of the previous year and 100 % credits of the pre-previous year. The students who do not fulfil the above-mentioned criteria will not be permitted to take admission to the higher class and will consequently lose one academic year.

To illustrate : a student will be promoted to third year only if he / she has earned 50 % credits of SYBTECH and 100 % credits of FYBTECH.
