7.3 Institutional Distinctiveness (20)

Performance of Institution in one area distinctive to its priority and Thrust

The main objective of MIT AOE is to prepare students to brave the challenges of the competitive world. The institute focuses on creating ample opportunities for students' self-employment. Entrepreneurship is one of the key functioning of students' development. The journey of MIT AOE Entrepreneurial Development Foundation started in 2018-19 intending to inculcate entrepreneurship and innovation culture amongst students at the MIT AOE campus. We are proud to mention the achievements received just within 2-3 years, such as Winner at NEC-2019, Startup Club Award, 'Band B Rank 26-50th' under the Self Finance Private Institute Category, in the ARIIA rankings, 75 teams won "Certified Potential Real Venture" MITAOE got approval as a host institute for setting up Business Incubator under MSME-BI scheme, 4-Star performance in the year 2019-20 at Institute Innovation Council (IIC) an Initiative of MHRD-GOI.

The visionary cell of the institute is one of the leading contributors in the field of entrepreneurship and startup incubation to cultivate, foster and stimulate entrepreneurial aspirations and provide an ecosystem to create innovative, sustainable, profitable, and job-creating Startups. The institute provides mentoring, networking & handholding support to students/ alumni for real venture/Startups in sector-agnostic industries. To date, entrepreneurship education has been provided around 1800+ students, and 8 faculties have been trained as entrepreneurship educators. The EDF also plans to offer a minor specialization for UG students in innovation, Entrepreneurship, and Startups. With the collaboration of the Wadhvani Foundation, we have offered two courses for the BTech program namely Basics of Entrepreneurship and Business Strategies.

E-Summit '21 is a national-level virtual annual flagship event organized by the Entrepreneurship cell, MIT AOE. The purpose of the event is to provide a common platform for aspiring entrepreneurs, startup and business enthusiasts, and Academicians to deliberate upon emerging trends and challenges. It also provides a premier interdisciplinary forum to present and discuss the most recent innovations, trends and concerns, practical challenges encountered, and the solutions adopted in the various fields.

A startup incubator is a collaborative program designed to help new Startups succeed. Incubators help student entrepreneurs to solve some of the problems commonly associated with running a startup by providing workspace, seed funding, mentoring, and training. Currently, 19 Startups are working on their ideas and have identified unique problem statements. It has identified a variety of economic and socioeconomic policy needs, which may include job creation, fostering students' entrepreneurial climate, technology commercialization, diversifying local economies, accelerating growth of local industry clusters business creation, encouraging minority entrepreneurship, and identifying potential spin-in or spin-out business opportunities.

MIT AOE Incubator support provides technological facilities, initial growth funds, network and linkages, co-working spaces, lab facilities, mentoring, and advisory support. These incubators can recommend Startups for availing benefits under the Startup India Scheme also. To realize the vision of transforming their start-up into a sizable flourishing enterprise, student entrepreneurs benefit from startup incubators.

Major Achievements under Entrepreneurship Cell

Achievements of Entrepreneurship Cell

The journey of e-Cell and MITAOE Entrepreneurial Development Foundation started in 2018-19 with an objective of inculcating entrepreneurship and innovation culture amongst students and promote innovation, entrepreneurship and start-up culture at MITAOE campus. We are proud to share the achievements received just within 1.5 years, like Winner at NEC-2019, Start-up Club Award, ARIIA-2019 Ranking (In top 100), Approval as a host institute for setting up Business Incubator under MSME-BI scheme, 4-Star performance at Institute Innovation Council (IIC) an Initiative of MHRD-GOI, etc. Under our entrepreneurship (e-Cell) umbrella, we have organized workshops, competitions, webinars, and seminars on Innovation, IPR and start-up to inspire students for entrepreneurship and start-ups. Programs such as Practice Venture (PV), Institution's Innovation Council (IIC) and participations in competitions such as the National Entrepreneurship Challenge are a part of the functioning of e-Cell. Besides of PV and IIC, e-Cell also conducts its own events with the support of Wadhvani Foundation. With collaboration of Wadhvani Foundation we have offered two courses for BTech program such as a Basics of Entrepreneurship and Business Strategies. The MITAOE Entrepreneurial Development Foundation acts as an Incubation Centre within the campus for the student start-ups, currently 19 start-ups are working at Campus on their ideas and identified problem. In the latest ARIIA-2020 ranking, we stood in Top-26-50 at "Band B" list of institutes among India.

1. Winner at NEC-2019

2. Start-up Club Award

Dear Sir/Madam,

Thanks for took participation in Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2019.

A hearty congratulation to the ARIIA Awardee institutions. These institutes were felicitated by Hon'ble President of India during the result announcement ceremony held on 8th April 2019. Top 10 institutes in the category of "Government Funded" and top 5 Institutes in the category of "Private or Self finance" were announced. Please visit ARIIA webpage (www.ariia.gov.in) to see the result. Participation certificates will be sent to all the remain institutes those participated till last stage of evaluation. Participation certificates will be dispatched to institutes very soon.

As ARIIA annual ranking will be conducted every year, therefore, no second list will be issued for the ARIIA 2019 edition. Gradually the number of institutes in the rank list will increase in 2020 edition and subsequent editions.

We have developed "Improvement Card" for the top 100 odd institutes shortlisted for this purpose. Improvement card is a graphical representation of efforts put by institute relative to other institutes in 6 major indicators. This graphic representation will give scope for improvement and which component of ecosystem need more focus and effort in the process of building a innovation and startup ecosystem in campus. To access this, institutes need to log into the portal and can see the improvement card.

Please stay tune with upcoming announcements regarding ARIIA 2020 and continue to put more concentrated effort in all the 7 parameters as mentioned in the ranking process and buildup your application for the ARIIA 2020. We will look forward to see your application for the 2020 edition".

Thanks and best wishes.
ARIIA Team

Details about the program: This Group discussion was an extension of an activity by NEC Bombay ,wherein we tried identifying problems around us .Lack of laundry services gained maximum number of upvotes from students we reached out for survey as a part of this activity.Lack of shopping malls and utility shops were the next to likely problems in the list . Participants actively participated in the group discussion and came up with brilliant ideas and solutions. A lot of questions were raised keeping in mind the present scenario of the issue. Questions raised met their definite answers, later during discussion. Since the college campus and its surrounding locality is home to almost every student present during discussion, points raised were completely relatable. Points discussed by participants on the issue of lack of laundry services received equal amounts of favour and objection too. Coin laundry and centralised Laundry system seemingly get more likelihood among other solutions discussed.
