THE INSIDER

31-10-2023

OCTOBER EDITION

INTRODUCTION

The Monthly Newsletter of MITAOE- '**The Insider**' is getting published with several events, Activities, and achievements of our students and faculties. We sincerely hope that you find this monthly newsletter- The Insider both helpful and encouraging going forward.

We also want to Thank internal Faculty and Staff for their contribution to this book. If you have suggestions or feedback that would contribute to improving The Insider, then you can reach out to us at marketing@mitaoe.ac.in

SPOKE PERSON

Dr Mahesh Goudar

Director MIT Academy of Engineering,

We at the MIT Academy of Engineering are proponents of learning by doing. The student gains knowledge through a variety of activities, project-based learning, group projects, faculty-led lectures, and student-led independent classes. The curriculum is designed that aligns with the changing industry standards and according to current industry demands of knowledge and

technology. So every student graduating out of the institute has an outstanding knowledge and holistically developed technological and social sense that brings a different perspective in professional work and in overall life ahead.

Co-curricular activities at MITAOE include social clubs founded by enthusiasts and fresh ideas, highly organized engineering competition teams, and service organizations.

We think that experiencing these situations while learning is inspiring and enjoyable, allowing students to concentrate on what they are passionate about. These imaginative and motivated students apply what they study in real-world contexts to improve the world. The extremely skilled, seasoned, and purpose-driven faculty members make all of this possible. The facilities and calm environment of the institute are up to date with international standards. The first-rate academic facilities significantly contribute to the ideal environment for learning and support us in meeting the standards of academic excellence.

EVENT

Mr. Deepak Waykar an alumnus of 2019 batch of Mechanical Engg. delivered a talk on “**EV Batteries Development and Simulink MATLAB to develop models**” for Mechanical Engg. students on 07/10/2023.

Mr. Krunal Jagtap – Founder & CEO of HAB Biomass Pvt. Ltd. delivered an expert lecture on “Failure mode effect analysis” on 11/10/2023 for the TY Mechanical Engg. students.

MIT | Academy of Engineering
 Institution's Innovation Council & E-Cell of MITAOE jointly organizes a session on

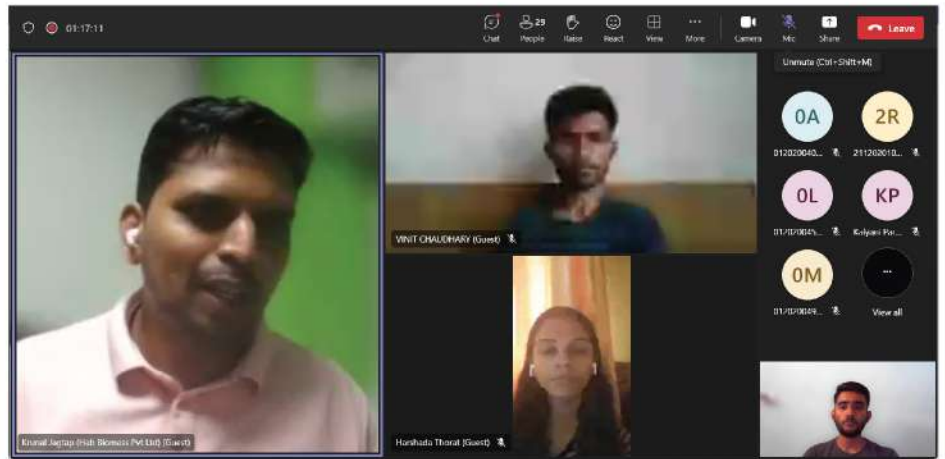

HOW TO PLAN FOR A STARTUP

Date: 11 August 2023
 Day: Friday
 Time: 4:30 P.M - 5:30 P.M
 Mode: Online (MS Teams)

SPEAKER:
 Mr. Krunal Jagtap
 Founder & CEO
 HAB Biomass Pvt. Ltd.
